

## Public

Question	Very high	High	Medium	Low	Very low
How familiar are you with writing model transformations?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How familiar are you with ETL?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
How familiar are you with eclipse?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Before using the tool

Question	Trans1	Trans2	Trans3
Which transformations are faulty?	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

## After using the tool

Question	Trans1		Trans2		Trans3
Which transformations are faulty?	<input checked="" type="checkbox"/>		<input type="checkbox"/>		<input checked="" type="checkbox"/>
Could you do all the steps of using the tool? (Yes/No) If No which steps?	Yes				
Question	Very high	High	Medium	Low	Very low
To what extent have you found the automatic mode of the tool to be helpful to detect <b>faulty</b> transformations?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
To what extent have you found the automatic mode of the tool to be helpful to detect <b>correct</b> transformations?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How helpful is the interactive mode of the tool to detect errors?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How much does the SEET tool save your time?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How much does the interactive mode of the tool give you more control over the execution process?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How user-friendly is the tool?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How good is the appearance design of the tool?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
After right-clicking on an ETL file, how easy did you find the tool icon from a pop-up menu?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How easy is to use the tool?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How learnable is the tool?	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
How is your satisfaction with the tool?	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Comment:

1. The interactive mode may be improved and become more automatic by taking a pattern.
2. For complex transformations with many lines of code, patterns may be better again.
3. The project should be refreshed automatically after the symbolic execution.
